**Built-in Cable Strain Relief** -The built-in cable strain relief helps prevent the power cord from becoming accidentally disconnected.

Loop Handle -**Start/Run/Stop Controls on Handle** -

**High-Tech Polymer Housing** -Housings are lightweight, withstand greater impact, and are corrosion-resistant.

#### Warnings and Safety

**WARNING!** Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand, and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle, and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle, or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

**Note:** STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.
