

Warnings and Safety

WARNING! Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand, and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle, and double shoulder harness and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle, or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

Note: STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol may damage your equipment and may void your STIHL warranty.

With the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

Stihl Gas Trimmer - FS 70 R

This straight shaft trimmer is for home, farm, or professional use.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.

TapAction™ AUTO CUT® Cutting Head -TapAction™ allows users to adjust the line length simply by tapping the cutting head against the ground.

Loop Handle (R) -Loop handle grass trimmers and brushcutters are ideal for trimming between bushes and shrubs and other areas where space is limited.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle makes it easy to complete tasks so the operator's hand never has to leave the handle.

Simplified Starting Procedure -To get started, users simply pump the fuel primer, set the choke, and pull the starter cord. The built-in stop switch allows the user to turn off the engine with a simple press of the button. When the engine is off, the throttle lock automatically returns to the "start" setting. The tool will be ready to start again when the user is ready to get back to work.

Air Filter Cover -Protected or Enclosed Control Cables -

Protected Spark Arrestor Muffler -Large baffles reduce noise level and contain a screen designed to reduce the emission of sparks.

Protected Spark Plug -The spark plug is protected yet easy to change.

The choke is protected to help prevent damage.

Housings are lightweight, withstand greater impact, and are corrosion-resistant.

Heavy-Duty Steel-On-Steel Clutch -Centrifugal clutch is designed to reduce slippage.

Purge Pump Primer -By pressing the bulb, this small fuel pump delivers fuel to the carburetor, reducing the number of starting pulls needed after an extended break between uses.

Upright Translucent Fuel Tank -Easily check the fuel level before starting work. If fuel is needed, the upright position makes the tank easier to fill.

Fully-Lined Drive Shaft -A lined shaft provides smooth operation and less vibration.

Throttle Trigger Interlock -This safety feature must be depressed before the trigger can be activated.

As a professional, your time is valuable. The STIHL FS 70 R grass trimmer understands that. It features a powerful and fuel-efficient engine, which means longer run times and fewer refuels. The FS 70 R is also powerful and makes quick work of your daily landscaping tasks. Need more line? Just tap the cutting head on the ground and watch as its AutoCut® head automatically feeds out new line. This trimmer is also built to last, featuring a sturdy cable drive shaft, a high-durability, forged connecting rod, and a four-bearing gearbox. As a bonus, it is all backed by a rock-solid, two-year limited warranty.
