

Note: STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL warranty.

WARNING! Improper use of any trimmer/brushcutter can cause serious or fatal injury. Read, understand, and follow all safety instructions in your instruction manual. To reduce the risk of injury from blade contact, circular saw blades may be used on FS brushcutters that have a limitstop, a bicycle handle, and double shoulder harness, and not on FS brushcutters with a "J" handle or loop handle. Other rigid blades may be used on FS brushcutters having a bicycle handle, a "J" handle, or a loop handle equipped with a barrier bar. To reduce the risk of eye injury always wear proper eye protection. Always use the appropriate deflector for the type of cutting attachment, as explained in your instruction manual.

Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual.

Stihl Gas Trimmer - FS 91 R
The solid drive shaft of this trimmer offers more flexibility in trimming applications.

Features

TapAction™ AUTOCUT® Cutting Head -TapAction™ allows users to adjust the line length simply by tapping the cutting head against the ground.

Loop Handle (R) -Loop handle grass trimmers and brushcutters are ideal for trimming between bushes and shrubs and other areas where space is limited.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle makes it easy to complete tasks so the operator's hand never has to leave the handle.

Air Filter Cover -Easily remove the cover for fast and easy filter cleaning or replacement.

Protected or Enclosed Control Cables -**Protected Spark Arrestor Muffler** -

Protected Spark Plug -The spark plug is protected yet easy to change.

Protected Choke Lever/Knob -The choke is protected to help prevent damage.

Housings are lightweight, withstand greater impact, and are corrosion-resistant.

Centrifugal clutch is designed to reduce slippage.

Purge Pump Primer -By pressing the bulb, this small fuel pump delivers fuel to the carburetor, reducing the number of starting pulls needed after an extended break between uses.

Upright Translucent Fuel Tank -Easily check the fuel level before starting work. If fuel is needed, the upright position makes the tank easier to fill.

Fully-Lined Drive Shaft -A lined shaft provides smooth operation and less vibration.

Throttle Trigger Interlock -This safety feature must be depressed before the trigger can be activated.

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

Fulfilling the demanding landscaper's trimming needs, the STIHL FS 91 R trimmer is the well-rounded choice for professionals. It features a low exhaust emission engine and large fuel tank which provides 30% longer run times than the previous model. With its rubberized loop handle, this straight-shaft trimmer delivers a comfortable grip, the maneuverability needed to navigate obstacles, and the power to get the job done. The FS 91 R trimmer also has a simplified three-step start procedure that saves time and a superior air filter benefiting you in the long run.
