Product Description

Features

IPX4 Rating -This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

Laser-Cut Diamond-Ground Blades -Each blade is laser cut and ground using diamond discs. The hardened cutting edges are highly resilient and remain sharp for a longer period of time.

Brushless Motor -The advanced brushless motor virtually eliminates maintenance while supplying the power and performance you expect from STIHL.

Two-Handed Design -

Double-Sided Cutting Blades -

Large Front Handle -

Functional Design -The engine housing has smooth surfaces and round contours that help to keep it from getting caught on branches during use. The design also makes cleaning easy.

Lightweight Portability -This product is lightweight for easy portability, great maneuverability, and extended use.

Ergonomic Loop Handle -The ergonomic loop handle is ideal for making cuts in any direction.

Blade Scabbard -The blade cover helps protect the cutting blade during storage and transport.

Tip Protector -The tip protector makes cutting near the ground or along walls easier while protecting the trimmer's cutters from damage.

High Cutting Performance -Wide cutter spacing and high torque allow users to trim efficiently, creating clean cuts at a quick pace.

Retaining Latch -STIHL battery-powered products feature a retaining latch that prevents the unit from unintentional starts when the battery is inserted.

Compact, Ergonomic Design -The compact, ergonomic design provides more comfortable use.

High-Tech Polymer Housings -Housings are lightweight, withstand greater impact, and are corrosion-resistant.

Warnings and Safety

Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.
