Product Description

Features

Single-Sided Blades -STIHL hedge trimmers with single-sided blades are ideal for cutting hedges in one direction that range between waist and chest height.

Lightweight Portability -This product is lightweight for easy portability, great maneuverability, and extended use.

Tip Protector -The tip protector makes cutting near the ground or along walls easier while protecting the trimmer's cutters from damage.

Anti-Vibration System -

Compact, Ergonomic Design -

Multi-Function Control Handle -

High-Tech Polymer Housings -Housings are lightweight, withstand greater impact, and are corrosion-resistant.

Throttle Trigger Lockout -This safety feature must be depressed before the trigger can be activated.

Vertical Hanging Slot -The built-in hanging slot allows for easy storage when not in use.

Precision and efficiency combine in the exceptional STIHL HS 87 T hedge trimmer. Available in 30" and 40" single-sided blade options, this trimmer operates at an increased speed for more efficient trimming of larger areas with greater precision than previous models. Its low exhaust emission engine uses 20% less fuel than previous models, reducing fuel costs and increasing efficiency. The hedge trimmer is also lightweight and includes low-vibration technology, so you experience less fatigue when you're in the trimming zone.

Warnings and Safety

Note: STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL warranty.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
