Product Description

Features

Laser-Cut Diamond-Ground Blades -Each blade is laser cut and ground using diamond discs. The hardened cutting edges are highly resilient and remain sharp for a longer period of time.

Droplet-Shaped Cutters -Droplet-shaped cutters help secure materials in place during cutting, increasing grip and allowing for more efficient cutting, better performance, and higher work progress than the previous model.

Battery Indicator Lights -This product is equipped with built-in indicator lights, showing the battery status and remaining level of charge.

High Cutting Speed -

Long Run Time with AK 10 -

Two-Handed Design -

Double-Sided Cutting Blades -STIHL hedge trimmers with double-sided cutting blades cut both directions.

Vertical Hanging Slot -The built-in hanging slot allows for easy storage when not in use.

Ease of Operation -Easy to operate, this lightweight, compact hedge trimmer helps you cover more distance with less fatigue, so you can finish the job.

Blade Scabbard -The blade cover helps protect the cutting blade during storage and transport.

Lightweight Portability -This product is lightweight for easy portability, great maneuverability, and extended use.

Functional Design -The engine housing has smooth surfaces and round contours that help to keep it from getting caught on branches during use. The design also makes cleaning easy.

Rubberized Soft-Touch Handle -Soft rubber texture is both easy to grip and makes the product comfortable to hold for extended periods.

Throttle Trigger Lockout -This safety feature must be depressed before the trigger can be activated.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle helps makes it easier to complete tasks so the operator's hand never has to leave the handle.

Warnings and Safety
