Product Description

Features

IPX4 Rating -This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

Compact, Ergonomic Design -The compact, ergonomic design provides more comfortable use.

Lightweight Portability -This product is lightweight for easy portability, great maneuverability, and extended use.

Ergonomic Loop Handle -

Tip Protector -

Blade Scabbard -

Double-Sided Cutting Blades -STIHL hedge trimmers with double-sided cutting blades cut both directions.

Laser-Cut Diamond-Ground Blades -Each blade is laser cut and ground using diamond discs. The hardened cutting edges are highly resilient and remain sharp for a longer period of time.

Rubberized Soft-Touch Handle -Soft rubber texture is both easy to grip and makes the product comfortable to hold for extended periods.

Functional Design -The engine housing has smooth surfaces and round contours that help to keep it from getting caught on branches during use. The design also makes cleaning easy.

Variable-Speed Trigger -The variable-speed trigger allows precise control for each task.

Two-Handed Design -Equipment with this feature is easily started. The cutting speed can be adjusted using the rear trigger control, allowing for a fine and precise cut. The two-handed design is suitable for both left and right-handed users.

Parallel folding cutter bar -Space-saving parallel folding cutter bar

Articulating Head -The -45° to +70° articulating head can be adjusted to seven different positions.

Warnings and Safety

Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
