Product Description

Features

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

Loop Handle -The loop handle (R) is an adjustable rounded handle mounted on the shaft for support and control. The handle is designed to help control the machine in different positions, ideal for reaching tough spots. The handle is large enough to accommodate a gloved hand comfortably.

Quick-Release Coupling -The quick-release coupling system makes it easy to switch between Kombi attachments. In addition, this feature allows KombiSystem equipment to be dismantled into two parts for easy transport and storage and then re-assembled quickly without tools.

Split Shaft -A split shaft and special toolless quick-release coupling lets you easily switch between attachments, making the KombiSystem highly versatile as well as easy to transport and store.

Anti-Vibration System -STIHL has a system for minimizing the vibration levels of handheld outdoor power equipment. The STIHL anti-vibration system helps reduce operator fatigue and provides a more comfortable working experience.

Electronic Ignition Module -The electronic ignition provides reliable starting and because it is fully enclosed, it is protected from moisture and debris for longer service life.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle help makes it easier to complete tasks so the operator's hand never has to leave the handle.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle help makes it easier to complete tasks so the operator's hand never has to leave the handle.

Note: STIHL KombiMotors and STIHL KombiSystem attachments are sold separately.

Warnings and Safety

WARNING!Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
