

The first battery-powered backpack blower in the STIHL lineup is also its most powerful blower yet. With its high-

performance brushless motor, the BGA 300 delivers a powerful 26-newton blowing force and 192-MPH air speeds for heavy-duty clearing of both dry and wet debris in a virtually maintenance-free package. When paired with the AR 3000 L backpack battery, the BGA 300 delivers up to 140 minutes of performance. Three power levels plus a boost mode improve battery efficiency for consistent, long-lasting power throughout the battery charge. In addition, it is now compatible with the ADA 1000, which equips users with the power of two AP

### Product Description

Runtime may vary depending on usage and application.

This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection in noise-sensitive areas.

[View Our Usage Chart](#)

**Powerful 26-Newton Blowing Force** -Powerful 26-N blowing force and 192-mph air speeds provide heavy-duty clearing force for both dry and wet debris.

**Robust and Durable Design** -The robust and durable design is modeled after its gas-powered counterparts and is built for a day's work.

**STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.**

**Excellent Energy Management** -Three power levels and boost mode improve battery efficiency for consistent, long-lasting power throughout the battery charge.

**Seamless Switch From Gas to Battery** -Built with the same look and feel as gas-powered blowers, the BGA 300 features battery power and is easy to use so you can get straight to work.

**IPX4 Rating** -This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

**Brushless Motor** -The advanced brushless motor virtually eliminates maintenance while supplying the power and performance you expect from STIHL.

**Compatible with ADA 1000** -The ADA 1000, with two AP 300 S batteries, weighs about 9 lbs. less than the AR 3000 L backpack battery.

**Anti-Vibration System** -The STIHL anti-vibration system helps reduce operator fatigue and provides a more comfortable working experience.

**Lightweight Portability** -This product is lightweight for easy portability, great maneuverability, and extended use.

**Rubberized Soft Touch Handle** -Soft rubber texture is both easy to grip and makes the product comfortable to hold for extended periods.

**Ergonomic Design** -The ergonomic design and adjustable harness help provide a comfortable work experience with minimal fatigue.
