Price:\$299.99

Categories:[STIHL](#)

Product Description

Features

Smart connector Ready -Track the performance and usage data by adding a Smart connector to the tool's predetermined molded placement.

*Smart connector sold separately

Boost Mode -Using the variable-speed trigger, users can easily activate boost mode to temporarily increase to the maximum blowing force for extra power when needed for tasks like clearing wet leaves or grass.

Metal Ring on Nozzle -A metal ring on the blower nozzle protects against wear from hard surfaces and offers a high-quality appearance.

One-Touch Adjustment Blower Tube -The one-touch-adjustment blower tube makes it easy for users to change blower length to suit their height and access hard-to-reach areas.

Quiet Operation -This product is ideal for noise-sensitive areas.

Lightweight Portability -This product is lightweight for easy portability, great maneuverability, and extended use.

Brushless Motor -The advanced brushless motor virtually eliminates maintenance while supplying the power and performance you expect from STIHL.

Retaining Latch -STIHL battery-powered products feature a retaining latch that prevents the unit from unintentional starts when the battery is inserted.

Hanging Slot -The built-in hanging slot allows for easy storage when not in use.

Rubberized Soft Touch Handle -Soft rubber texture is both easy to grip and makes the product comfortable to hold for extended periods.

Compact, Ergonomic Design -The compact, ergonomic design provides more comfortable use.

Multi-Function Handle -With the multi-function handle, all of the blower's controls can be adjusted with one hand, allowing simple and reliable operation for both right and left-handed users. In addition, the handle's control lever allows the user to easily adjust the motor speed.

The most powerful battery-powered blower in the STIHL AK System, the BGA 60 blower provides 65% more blowing force than the BGA 57, while delivering a range of features for comfort and convenience. This premium homeowner blower is ideally suited for low-noise environments and easily stores with a convenient built-in hanging slot. A variable-speed trigger and boost mode help users clear grass clippings, leaves, and other yard debris from hard surfaces such as balconies, driveways, and sidewalks. A one-touch adjustable blower tube allows you to easily change the blower tube length to adjust to different heights and to permit access hard-to-reach areas. A metal ring on the blower nozzle provides protection against wear and creates a high-quality look. The BGA 60 comes ready for the STIHL Smart connector, so you can add a performance tracker that sends tool data to your smartphone or other device via Bluetooth® technology.
