Product Description

Features

STIHL Easy2Start™ -The STIHL Easy2Start™ system makes starting STIHL outdoor power tools almost effortless, eliminating the need for a strong pull of the starting cord. This advanced starting system is designed to make starting STIHL products fast and easy. The specific system may vary by model, but in each case, a quick pull overcomes the engine's compression to minimize the strength and effort required to start. Available on selected products.

Lightweight Design -The lightweight design helps reduce operator fatigue.

Compact, Ergonomic Design -The compact, ergonomic design provides more comfortable use.

Shoulder Strap -The STIHL shoulder strap allows for greater maneuverability and helps reduce operator fatigue, allowing the user to work comfortably.

Soft-Grip Handle -This handle design provides a secure and comfortable grip.

Multi-Function Control Handle -Having easy access to all of the controls on one comfortable handle helps makes it easier to complete tasks so the operator's hand never has to leave the handle.

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

The SH 56 C-E shredder vac turns yard work into less work. Not only does the STIHL Easy2Start™ system make starting almost effortless, but the fuel-efficient STIHL gas-powered engine also delivers power to the fan wheel's specially designed blade—cutting yard waste down to size. As it shreds, the clippings accumulate in a secure, easy-open zippered bag for convenient emptying. Better yet, this versatile STIHL tool offers one power tool that does the work of two. It comes standard with the necessary parts to easily convert the shredder vac into a handheld blower.

Note: Not available for purchase or delivery in California

Warnings and Safety

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
