### Product Description

#### Features

**Quiet Operation** -This product is ideal for noise-sensitive areas.

**Lightweight Portability** -This product is lightweight for easy portability, great maneuverability, and extended use.

**STIHL Electric Motor** -Lightweight and compact, STIHL electric motors require minimal maintenance and feature low noise levels and reduced vibration.

**Retaining Latch** -STIHL battery-powered products feature a retaining latch that prevents the unit from unintentional starts when the battery is inserted.

**Approved for Indoor Use** -Low noise and clean operation make it ideal for use inside.

**Instant-On Performance** -100% torque instantly with the squeeze of a trigger

**Multi-Function Handle** -With the multi-function handle, all of the blower's controls can be adjusted with one hand, allowing simple and reliable operation for both right and left-handed users.

**High-Tech Polymer Housings** -Housings are lightweight, withstand greater impact, and are corrosion-resistant.

**Made in America** -A majority of STIHL products sold in America are made in America of U.S. and global materials.

The BGA 57 delivers powerful STIHL performance combined with great control and comfortable operation. This blower has up to 123 mph of maximum air velocity for effective clearing of leaves and other yard debris. Weighing just over five pounds, the BGA 57 is compact and portable. A slim design and even weight distribution allow the blower to be held close to the body, keeping fatigue to a minimum while maximizing maneuverability. Additional comfort features include a symmetrical trigger lockout that allows for easy start of the unit with either the left or right hand, a rubberized handle for comfortable grip, and a tube that easily adjusts to three lengths to suit different heights. The BGA 57 has a run time of up to 25 minutes On A Single Charge™\* with the AK 20 battery, making it the ideal choice for homeowners to care for their yard, deck, sidewalks, driveway, and more.

\*Run time may vary based on battery type, charge level and capacity, model, operating style, and conditions. Batteries and chargers can be purchased separately or as a combined set with tool.
