### Product Description

#### Features

**IPX4 Rating** - This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

**Floor/Crevise Nozzle** - The floor/crevice nozzle attachment enables vacuuming in narrow spaces that are typically unreachable with regular nozzles. The attachment can be stored on the vacuum's onboard attachment holder, making it easily available for use any time you need it.

**Universal Nozzle Attachment** - The universal nozzle attachment provides the versatility to quickly and thoroughly clean both wet and dry surfaces with ease.

**Multiple Filter System** - The vacuum's filter cartridges are washable, making them more hygienic, economical, and environmentally responsible.

**Onboard Attachment Storage** - With the onboard attachment holder, all of your vacuum's attachments are within easy reach during cleanup jobs. Plus, it keeps all of your accessories organized during storage.

For reliable performance in a value-priced package, the SE 33 is a compact, lightweight multi-purpose wet/dry vacuum that gives users versatility and power at an affordable price. This wet/dry vacuum is capable of taking care of a range of cleaning tasks around the shop and home. The blower function makes it easier to tackle more jobs, and its convenient accessory storage simplifies storing and switching to its compatible attachments.

This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

#### Warnings and Safety

**WARNING!**Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

**STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.**
