Product Description

Features

"Open" Guard Design -The professional "open" guard design helps minimize clogging, allowing for more efficient cutting.

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

Skid Plate -All STIHL edgers come equipped with a skid plate to protect the gearbox during use.

Skid Plate -All STIHL edgers come equipped with a skid plate to protect the gearbox during use.

Stop Switch -With the Stop Switch, the equipment's ignition is always ready for starting. Products with this feature shut off easily by pressing and holding down the switch. When the switch is released, it returns to the start position automatically, reducing the number of steps needed to start the product.

The STIHL FC 70 professional edger features advanced fuel-saving technology and cutting-edge performance. Once you start edging, you'll notice how comfortable its curved-shaft design is, as well as its excellent balance. The FC 70 is powered by a low exhaust emission and fuel-efficient engine, saving you time and money with longer run times and fewer refuels. You can even select your preferred cutting depth with its easy-to-adjust depth wheel. Best of all, this edger is made to last, featuring a high-durability, forged connecting rod. This lawn edger is a great choice for home, farm, or professional use.

Note: Not available for purchase or delivery in California

Warnings and Safety

Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

Note: STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL warranty.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
