Product Description

Features

"Open" Guard Design -The professional "open" guard design helps minimize clogging, allowing for more efficient cutting.

Stop Switch -With the Stop Switch, the equipment's ignition is always ready for starting. Products with this feature shut off easily by pressing and holding down the switch. When the switch is released, it returns to the start position automatically, reducing the number of steps needed to start the product.

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

Made in America -A majority of STIHL products sold in America are made in America of U.S. and global materials.

Skid Plate -All STIHL edgers come equipped with a skid plate to protect the gearbox during use.

Add a professionally landscaped look to sidewalks, walkways, and driveways with the STIHL FC 91 edger. With its large 710 cc fuel tank and low exhaust emission engine, this professional edger delivers 30% longer run times than the previous model. It features a vertical pleated air filter for better filtration and STIHL-exclusive IntelliCarb™ technology for maximum RPMs when air filter begins to clog. It also features one touch stop and a simplified starting procedure enabled by the semi-automatic choke lever. It's a must-have for high-volume landscaping professionals.

Note: Not available for purchase or delivery in California

Warnings and Safety

WARNING!Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.

Note: STIHL engine products with the Caring for Nature logo are cleaner than EPA Standards for exhaust emissions.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.
