Product Description

Features

Stepless Pressure Control -This product features stepless pressure control that allows users to easily dial the pressure up or down depending on their needs.

Hose Reel -The hose reel allows for easy, compact storage and transport.

Battery Compartment Cover -The battery compartment cover is engineered to protect the battery from overspray and provide weather-resistant durability.

Detergent Hose -The built-in detergent hose is easily accessed and stored.

3-in-1 Nozzle -Users can easily switch between flat jet, rotary, and detergent settings with the 3-in-1 nozzle.

Lightweight and Portable -The REA 60 PLUS weighs only 13 lbs. without battery, making it lightweight for easy portability.

Max Pressure of 1,900 psi -With a maximum pressure of 1,900 psi, the REA 60 PLUS offers high-powered performance for jobs around the home.

Continuous Pressure of 1,500 psi -The REA 60 PLUS is engineered to provide continuous pressure at up to 1,500 psi.

IPX4 Rating -This tool is IPX4-rated for weather-resistant construction and has been designed and tested for splash-water protection.

A powerhouse pressure washer, the REA 60 PLUS features stepless pressure control for easily dialing the pressure up or down based on the needs of the job. Built for lightweight durability with a continuous working pressure of 1,500 psi and a maximum pressure of 1,900 psi, the REA 60 PLUS can take on tough jobs while remaining portable and maneuverable. The weather-resistant design and battery compartment cover protect the unit from overspray, and the 3-in-1 nozzle, hose reel, and built-in detergent hose make this machine compact and easy to store.

Warnings and Safety

WARNING!Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.
