

This tool is IPX5-rated weather-resistant construction and has been designed and tested for protection from water jets.

Warnings and Safety

WARNING! Improper use of any power tool may cause serious or fatal injury. Read, understand, and follow carefully the operating and safety instructions in your instruction manual before using such products.

Note: STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL warranty. The most powerful corded electric STIHL pressure washer comes with a built-in pressurized hose reel, brushless motor, and telescopic aluminum handle.

STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.

Product Description

Features

IPX5 Rating -This tool has IPX5-rated weather-resistant construction and has been designed and tested for water jet protection.

2,000 psi Water Pressure at 1.2 Gallons Per Minute (GPM) -The 2,000 psi of water pressure at 1.2 gallons per minute provides powerful cleaning.

Integrated Pressurized Hose Reel -Users can easily wind and unwind the high-quality hose—unlike storage reels where the high-pressure hose must be connected and disconnected with each use.

Comes Standard with Two Nozzles and Detergent Sprayer -The included adjustable flat-jet nozzle, rotary nozzle, and detergent sprayer accommodate various cleaning tasks.

Long-Life Brushless Electric Induction Motor -With the STIHL brushless motor, users can expect a long life of reliable cleaning power with minimal maintenance.

Wide Range of Optional STIHL Accessories -Experience the flexibility to clean just about any surface.

Easy to Use -With low noise, zero exhaust emissions, and no need for fuel, this electric pressure washer is easy-to-use and delivers STIHL quality in a low-maintenance package.

Anti-Twist Couplings on High-Pressure Hose -The high-pressure hose rotates at gun and pump without twisting.

Stainless Steel Pump Pistons and Aluminum Pump Manifold -The high-quality design and components—including stainless steel pump pistons and aluminum pump manifold - are designed to resist corrosion and wear.

Two-Piece Lance & Gun Assembly -This pressure washer features an easy, convenient two-piece lance and gun assembly. The lance design is extended for better accuracy in applications requiring extension.

Easy-Access Water Connections -Both inlet (water coming into the pump) and outlet (water going from the pump to the gun) connections are easy to access for faster setup.

The compact, lightweight STIHL RE 110 PLUS electric pressure washer provides an easy-to-use solution to help you with your cleaning to-do list. The RE 110 PLUS delivers 2,000 psi water pressure to quickly and efficiently clean decks, driveways, sidewalks, and more. With its integrated pressurized hose reel, you can easily wind and unwind the 23-foot high-quality hose—unlike storage reels where the high pressure hose must be connected and disconnected with each use. It also makes it easy to store when done. Additionally, it comes with an adjustable flat-jet nozzle, rotary nozzle, and a detergent sprayer to tackle a variety of jobs around the home and garden. Ideal for cleaning automobiles, boats, and more, the RE 110 PLUS maximizes energy efficiency by shutting down the motor when the wand is released and reactivating the motor when the trigger is reengaged.
