Product Description

Features Easy Start Pump System -The Easy Start Pump System features a pressure relief valve, allowing users to start the unit without any back pressure from the pump. It enables quick, easy starting with no hard cord pulls. **Cast-Iron Liner** -The high-quality cast-iron liner enhances durability and prolongs longevity, making sure the product is built to last. **Steel-Braided Hose** -The steel-braided hose is designed to prevent kinks and bursts. **Anti-Vibration System** -This pressure washer features a STIHL-engineered four-point vibration isolation system. This reduces pump vibration during use for increased unit longevity. **Automatic Fuel Shut-Off Valve** -This pressure washer features a combined on/off and fuel valve control. This allows the user to shut unit off and close fuel valve automatically for easy, no-mess transport. **Stainless Steel High Pressure & Brass Detergent Nozzles** -This pressure washer includes stainless steel nozzles for use with high-pressure water and a brass nozzle for use with detergent. These premium nozzles are designed to resist corrosion and wear. **Two-Piece Lance & Gun Assembly** -This pressure washer features an easy, convenient two-piece lance and gun assembly. The lance design is also extended for better accuracy in tall applications. **Easy-Access Inlet & Outlet Water Connections** -Both inlet (water coming into the pump) and outlet (water going from the pump to the gun) connections are easy to access for faster setup. **Durable Design** -This product has a durable design made with quality components **Pressure Washer Accessories Ready** -From rotating nozzles to water broom and hose extensions, STIHL has all the pressure washer accessories you might need to make the best out of your power washer. The STIHL RB 800 is the pressure washer you need if you are looking for professional power and performance. This power washer is the most impressive one in the STIHL lineup. It is designed for heavy-duty commercial use and can get through tough cleaning jobs. With 4,200 psi of water pressure and a 429 cc engine, the RB 800 cleans up the dirtiest jobs with ease. Its industrial design is made to withstand heavy daily use. Plus, with the easy start pump system, you can start the washer without difficulty or back pressure from the pump. This professional pressure washer is designed for convenience and durability, and it can be customized with a full range of optional accessories. **Warnings and Safety STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.**
