Product Description

Features Easy Start Pump System -The Easy Start Pump System features a pressure relief valve, allowing users to start the unit without any back pressure from the pump. It enables quick, easy starting with no hard cord pulls. **Cast-Iron Liner** -The high-quality cast-iron liner enhances durability and prolongs longevity, making sure the product is built to last. **Steel-Braided Hose** -The steel-braided hose is designed to prevent kinks and bursts. **Automatic Fuel Shut-Off Valve** -This pressure washer features a combined on/off and fuel valve control. This allows the user to shut unit off and close fuel valve automatically for easy, no-mess transport. **Stainless Steel High Pressure & Brass Detergent Nozzles** -This pressure washer includes stainless steel nozzles for use with high-pressure water and a brass nozzle for use with detergent. These premium nozzles are designed to resist corrosion and wear. **Two-Piece Lance & Gun Assembly** -This pressure washer features an easy, convenient two-piece lance and gun assembly. The lance design is also extended for better accuracy in tall applications. **Easy-Access Inlet & Outlet Water Connections** -Both inlet (water coming into the pump) and outlet (water going from the pump to the gun) connections are easy to access for faster setup. **Durable Design** -This product has a durable design made with quality components **Pressure Washer Accessories Ready** -From rotating nozzles to water broom and hose extensions, STIHL has all the pressure washer accessories you might need to make the best out of your power washer. Do you need a powerful pressure washer to tackle your professional cleaning jobs? Whether it's greasy farm equipment, stained aluminum siding, or a dirty truck, the STIHL RB 600 is ready to rock. It features 3,200 psi of water pressure and a 208 cc engine. Its pump components are made of premium commercial-grade Triplex to reinforce its durability. Plus, with the easy start pump system you can start the washer without difficulty or back pressure from the pump. This power washer is designed for handling heavy-duty projects with ease. It also works with a full range of optional accessories, including hose extensions, nozzles, and more. **Warnings and Safety Note:** STIHL recommends use of fuel with no more than 10% Ethanol content. Using fuel with greater than 10% Ethanol content may cause damage to your equipment and may void your STIHL warranty. **STIHL products sold through U.S. STIHL Dealers are for distribution in the United States only.**
