### Product Description

#### Features

**ECO Mode** -ECO mode can be activated to detect resistance and provide automatic power adjustments for more efficient battery usage.

**19.7" Mowing Deck** -Ideal for small and suburban yards, the 19.7" mowing deck with 18.1" cutting width allows for unit stability as well as efficient cutting.

**16-Gallon Grass Bag** -Reduce interruptions by emptying the grass bag less often with 16 gallons of capacity.

**4-in-1 Mower** -This product feature 4-in-1 functioning for mulching, catching, and side or rear discharge, allowing for a customizable mowing experience.

**Brushless Motor** -The advanced brushless motor virtually eliminates maintenance while supplying the power and performance you expect from STIHL.

**Power Switch** -Just push the button and pull the switch lever for instant startup.

**Multiple Storage Options** -The mower can be stowed in three positions: folded on all four wheels, unfolded on all four wheels, or upright and folded in the cleaning position with blades facing the wall to save floor space.

**Spring-Assisted Single Point Height Adjustment** -Each mower features seven cutting heights adjusted from a single location.

**Convenient Handle** -Not only is the handlebar is easily adjustable for user comfort, it also folds making it easy to transport and store the mower.

Built with a brushless motor featuring ECO mode for maximum energy efficiency, the RMA 348 is ideal for tackling tough jobs in small to mid-sized lawns. The RMA 348 walk-behind mower features a durable 19.7" steel mowing deck with an 18.1" cutting width and is compatible with AK System batteries, giving users the long run times and reliable performance they need. The low-noise operation allows for mowing in the early or late parts of the day and in areas with noise regulations. The mower is designed with a 4-in-1 mowing function, allowing users to seamlessly switch from 15.9-gallon grass bag, side discharge chute, and mulch plug for collecting or mulching grass clippings.
