### Product Description

#### Features

**23 hp V-Twin Engine** -With its powerful 23 hp V-twin engine, the STIHL RZ 142 delivers a consistent, efficient cut.

**Hydro-Gear® ZT-2200 Transaxles** -Hydro-Gear® ZT-2200 transaxles enable seven mph forward ground speed and four mph in reverse, helping allow for smooth and efficient cutting.

**Greaseable Mower Deck Spindles** -Greaseable mower spindles allow for user maintenance and extend the life span of each spindle.

**Deluxe Seat** -The featured deluxe seat gives the user a comfortable ride throughout the entire job.

**Three-Gallon Fuel Capacity** -Provides fuel coverage for suburban yards and features a large opening for easy fueling.

**12-Gauge Welded Frame** -The welded frame is sturdy, durable, and long lasting when mowing over rough terrain.

**Spin-On Transaxle Oil Filter** -Spin-on oil filters for transaxles capture debris and make maintenance easy.

**ReadyStart®** -With ReadyStart®, users can quickly start the mower with just the turn of a key eliminating manual operation of the choke.

**Foot-Operated Cutting Height** -Users can easily adjust the cutting height while seated.

**Hour Meter** -By tracking and displaying run time hours, users can more easily keep up with regular maintenance tasks.

**Integrated Cup Holders** -Cup holders conveniently keep drinks secure and within reach.

**Trailer Hitch** -This zero-turn mower features a rear trailer hitch for towing additional accessories and attachments.\*  
\*Accessories and attachments sold separately.

**Made in America** -A majority of STIHL products sold in America are made in America of U.S. and global materials.

The STIHL RZ 142 zero-turn mower gives homeowners the power and performance they need in pursuit of the perfect cut. ReadyStart® technology eliminates the need for a choke pull, making it easy to start the mower. From the powerful 23 hp V-Twin Briggs & Stratton® engine to the durable commercial-grade 42" mowing deck, the STIHL RZ 142 is built to endure. The Hydro-Gear® ZT-2200 transaxles allow for seven mph forward ground speeds and four mph in reverse, enabling you to enjoy a smooth, efficient cutting experience.
